

GALFLOWS 2023

*A national workshop on Galactic inflows
and outflows on all scales*

2 - 5 February, 2023, at IUCAA, Pune

Inflows and outflows in and around galaxies are important drivers of their evolution. The workshop will bring together researchers in India working on these topics, including observers, theorists and simulators, to have a common platform to share their results. **The workshop will be organised as an in-person meeting at IUCAA.**

Invited speakers

Hum Chand
Indranil Chattopadhyay
Gulab Dewangan
Ravi Joshi
Ruta Kale
Nishikanta Khandai
Preeti Kharb
Dharam Vir Lal
Vivek M
